Dear Walt:

I wanted to write to you and let you know how pleased we are with the work that your company is doing for HFFI. Our website has never looked better, and it is so refreshing to have changes made to the site in such a timely manner. As a small non-profit foundation, we have had to pay large fees in the past to have our website hosted and maintained. It was always so costly to make changes that we weren't able to update the website as often as we would have liked. Your low fees have made it possible to update our site regularly and keep our members and the community informed about our organization.

It is always such a pleasure to speak with you on the phone and know that we can rely on you and your company to take care of our website needs. Your professional and friendly manner has made working with you on our website a pleasure. We look forward to doing business with you in the future.

Thank you again,
